

1. **Title and Date:** Observation of www.zeuslearning.com
2. **Context:** Observing and exploring the complete website as a user.
3. **Detailed Description:**
 - a. In the home page of the website, the options in the navigation bar are not properly justified. The space between them seems to increase.
 - b. Exploring the homepage (Landing Page) all the buttons work properly.

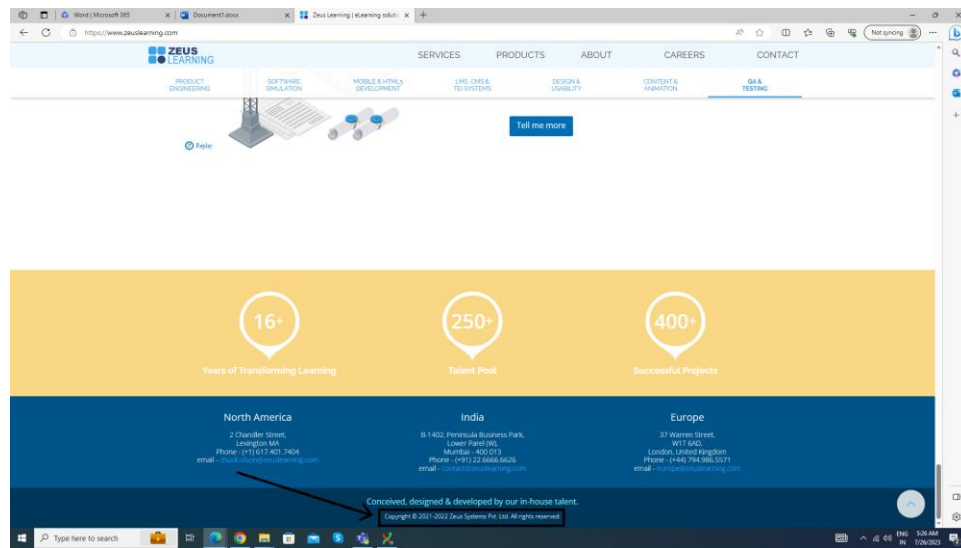

- c. All the “Tell me more” Buttons work Properly & redirects to the “service Page”.

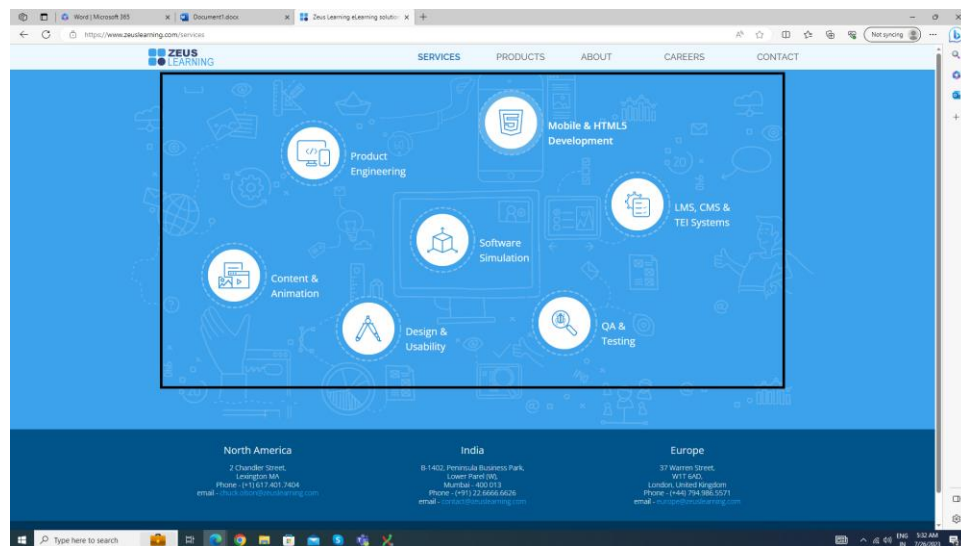

- d. The end section and the footer are also very attractive and go with the theme.

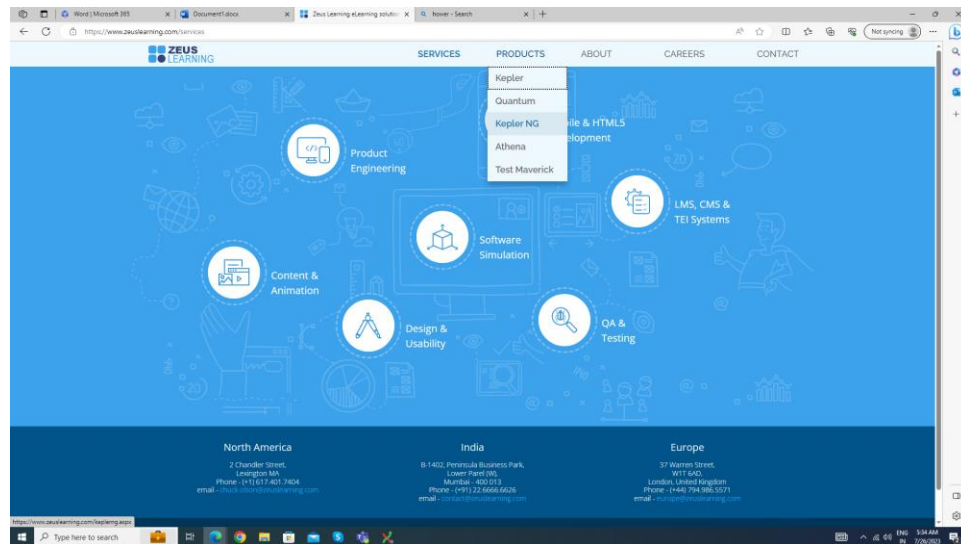

e. The Footer should have been copyright 2021-2023.

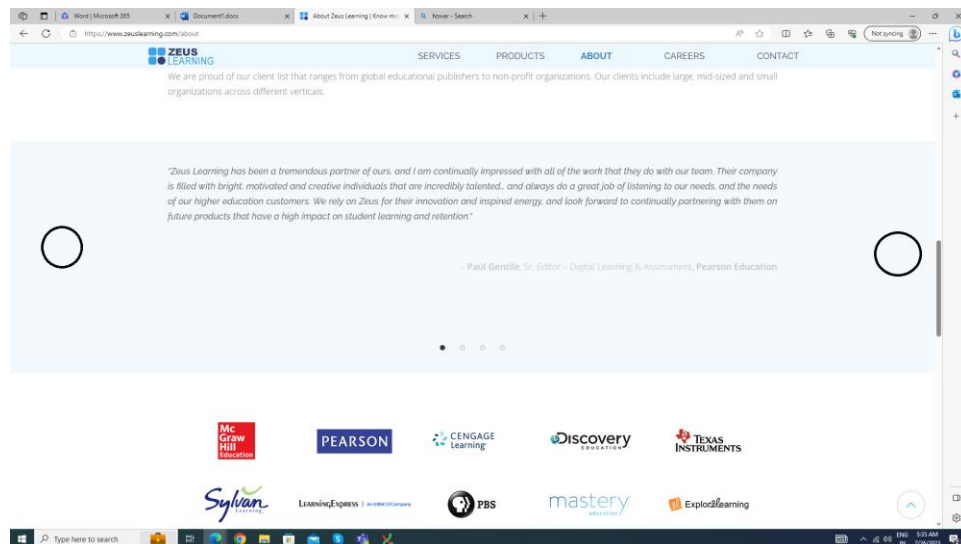

f. In Services Section, All the buttons when Hover are working properly.

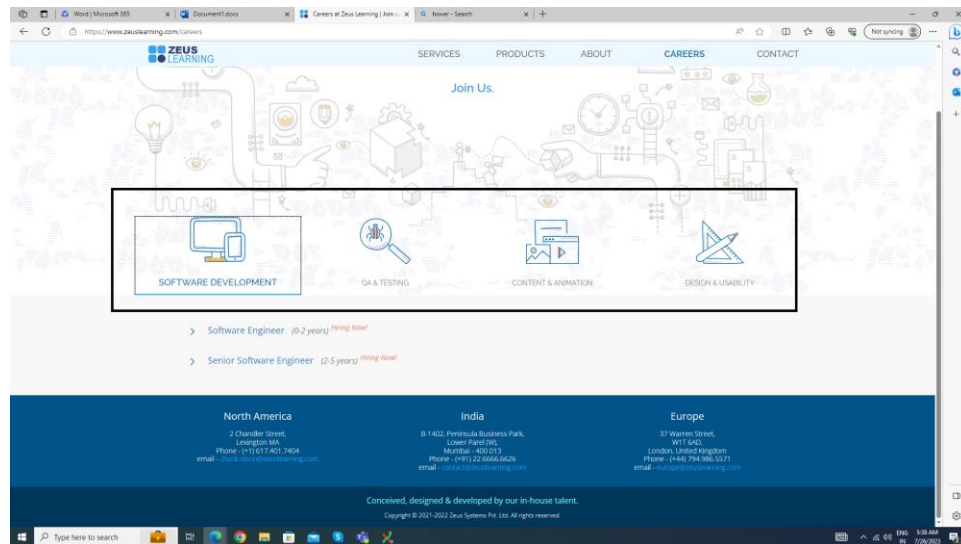

g. Product scroll down is working properly.

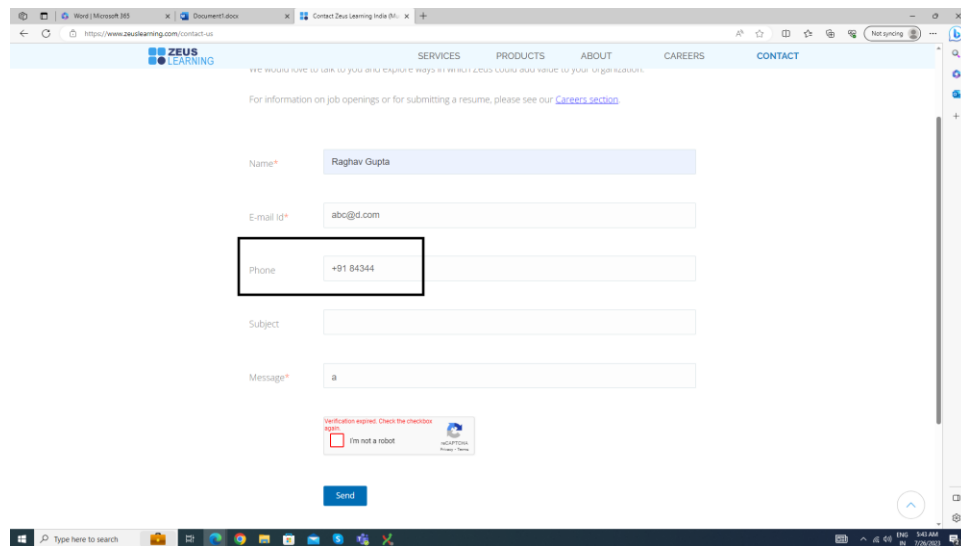

h. In the About Page there is no Left and Right Button for navigation. Only through the dots can the navigation be done.

- i. In the Career Section, all the buttons are working perfectly.

- j. In the contact page, the phone number of only 5 numbers is also accepted. Which is an error.

4. **Feedback:** The complete website is perfectly working, and all the buttons and hyperlinks are also working perfectly. The UI/UX of the website is also perfect. The website works in all dimensions too. The media queries written are perfect.
5. **Author Name:** Raghav Gupta.
